“ 'Dear Freddie,
My heart goes out to you at this tender time.
I have such fond memories of times and friendships shared at Mt, Jackson UMC, as we worshipped together with Steve in the choir. His smile and joy in singing with the choir was contagious.
He shared his love for Christ and His church in so many ways that it warmed my heart. He loved his family and you so much. The memories that you cherish will comfort you and the memories that you share with your family will bring joy and laughter as each of you has a different perspective, in the midst of your sadness. I am so sorry that Covid 18 will keep me away for awhile. I am in quarantine. But I send my sincere condolences to each of you with the conviction that Our Lord brings us salvation and life eternal where there will be no pain or tears. Love and care for each other. God bless you
. Always,
Beverly Geer
