“ It is a wonderful tribute to Valerie, Larry. It was great to see all the adventures you two have shared together. One being able to see this beautiful country for several years, what an awesome things and one many people never get an opportunity to have . It was a blessing you found that special person that truly enjoyed the same things as you. I know we will all miss Valerie, be very thankful for the time you did have together and remember she is forever in our hearts. I love you!

“ Carl (and family), I'm saddened by the news through our hospice office. After meeting with you in your home and hearing of your RV travels and memories, there was an added connection I don't always have the benefit of enjoying in my brief encounters with families. What you shared with me was an inspiration to me to grab life, create memories, love, and enjoy. Please know you are in my thoughts and prayers during this time.
